This Title Index is an extract from the CUMULATIVE INDEX OF THE PERIODICALS AND PUBLICATIONS OF THE SANTA FE currently in preparation. The Title Index lists the titles of all articles and some product reviews, announcements and letters where these items contained substantive information in the judgment of the editor. The Title Index currently covers the following publications of the Society and its predecessors:

SFRH&MS:

- The Warbonnet* (magazine) All issues, 1Q95 to 4Q01
indexed W/1Q95:1 = First Quarter 1999, page 1
- Running Extra* (newsletter) All issues, 1Q98 to 1Q00
indexed E/2Q98:4 = Second Quarter 1998, page 4
- Santa Fe Flashes* (newsletter) All issues, 3&4Q97
indexed F/3Q97:2 - Third Quarter 1997, page 2
- Between Trains* (newsletter) Sole issue, 1994
indexed B/1 = page 1

SFRHS:

- Santa Fé Route* All issues, v.I-VII
indexed R/I#3:4 = Vol. I, Issue No. 3, page 4

SFMO:

- Santa Fe Modeler* All Issues ND77-MA84
indexed M/JA82:15 = July/August 1982, page 15

Interim Period

- Santa Fe Prototype Modeler* All issues, JF-MJ77
indexed SFP/JF77:12 = January/February 1977, page 12
- Southwest Prototype Modeler* Not Indexed

SFMA:

indexed H/SO72:11 = September/October 1972, page 11
- Newsletter* All issues, v.I to II#2
indexed N/I#8:8 = Vol. I, Issue No. 8, page 8

The Title Index presents the articles in alphabetical order, disregarding the initial articles "a," "an," and "the." Possessive forms are also generally disregarded.

Each entry includes title, followed by a code letter in parentheses (for example, "(A)") that denotes the type of article, the name of the author(s), and the location of the article by periodical, issue/year, and initial page number.

Article Codes:

A	Article	N	News Item	L	Letter
BR	Book Review	PR	Product Review		
E	Essay	T	Table		

Issue Codes:

JF	January/February
MA	March/April
MJ	May/June
JA	July/August
SO	September/October
ND	November/December
Roman Numeral	= volume number
#[1 to 12]	= issue number
[1 to 4]Q	= quarter number
[two digits]	= year

The editor would appreciate any comments, corrections or suggestions on improving the Title Index's clarity and usefulness. Comments should be emailed to the editor at: ehiser@email.msn.com.

Cumulative Index

The Cumulative Index will encompass the Title Index, an Author Index, a Book Review Index (by title and author), a Product Review Index (by product and manufacturer), a comprehensive Subject Index, including each class of locomotive and rolling stock and station, a Photo Index, a Drawing Index, and a Map Index. Expected in 2002 in paper and CDrom.
